HEALTH, FIRE AND POLICE.

Meeting of the Board of Commissioners —The Scavenger Difficulty—Quarterly Reports of Police Superintendent and Secretary—The County Dead.

The regular semi-weekly meeting of the Board of Police and Fire Commissioners was held at the Central Station, corner of Washington and LaSalle streets, yesterday afternoon. Present—T. B. Brown, President, in the chair, and Commissioners Fred. Gund and A. D. Titsworth.

After the reading and approval of the minutes of the previous meeting the board proceeded to transact the following business:

Chief Fire Marshal Harris reported the sale of a hose cart to the Chicago Rolling Mill Company for the sum of one hundred dollars. Sale confirmed.

NEW HOSE ORDERED.

On motion of President Brown, the Chief Fire Marshal was instructed to purchase ten thousand feet of new seven ply cotton hose, at two dollars and twenty cents per 100l, to include price of transportation.

THE SCAVENGER QUESTION.

Commissioner Titsworth stated that out of the twelve persons who had put in bids for the removal of the offal of the city, but one of them seemed to comprehend the extent of the work to be performed, how it was to be done, or where the collections were to be taken. He had talked with all the bidders, and from these conversations had ascertained that there was a combination existing among them, in some cases one man being interested in three or four of the bids. He thought it would be to the interest of the city for the Board to reject all the bids which have been made, and to invite the bidders and such other persons as might think of undertaking the contract to consult with the Board in relation to the matter. He felt that in that manner the question could be more satisfactorily settled, both to the contractor and the city, than any other way.

The President and Commissioner Gund concurred in the suggestions of Mr. Titsworth. Mr. Brown said he had hoped that some of the bidders would offer to remove the offall of the city by means of the railways in the manner adopted by the Messrs. Wahl Bros. & Lighthall. He was dissatisfied with the proposals made by the bidders, as he believed the offal was valuable and could be turned to great advantage if steps could be obtained to that end.

Commissioner Titsworth moved that all the bids received by the Board for the removal of garbage be rejected. The motion prevailed.

ESTIMATES WANTED.

Commissioner Titsworth offered the following, which was adopted:

Resolved, That we invite parties wishing to contract for the scavengering of the city to meet the Board at the Central Police Station on the 23th of July at 7 p. m., and be prepared to state to the Board the amount per team for which they will do the work, the place they propose to dump it the railroads, and the facilities they have to carry the same to said place.

(The above date falls on Sunday.)

CHARLES HODSON,
Secretary Board of Police.

The report was accepted and placed on file.

APPOINTMENTS.

On motion of Commissioner Titsworth, William Yelverton, (the major) was appointed Station Keeper at the Armory.

J. H. Brisbane was appointed special policeman at Col. Wood's Museum.

RESIGNATION.

The resignation of Patrick McLaughlin as a member of the police force of the city was received and accepted.

HORRIBLE, IF TRUE.

The following communication was received and read:

GENTLEMEN:—I would draw your attention to the fact that Mr. John M. Stuart, the County Undertaker, is in the habit of depositing the bodies of the deceased county poor in the Dead House in the North Division, where he allows them to remain until a sufficient number has accumulated to remunerate him (to his satisfaction) for the conveying of them to the place designated for their burial, and I am informed that bitter complaints are made at Jefferson as to the state in which some of these bodies are ultimately brought there for interment.

I do not understand that the county has any right to use this dead house for that purpose, but it is the duty of the County Undertaker to carry the bodies immediately to the place of burial. I would request that the proper steps be taken to abate the outrage and nuisance.

Yours respectfully,

L. PROUDFOOT.

Alderman of Thirteenth Ward.

The communication was referred to the General Superintendent of Police, with authority to act as the case demands.

SPECIAL POLICEMEN.

The following named persons were appointed special police patrolmen, on trial for sixty days: Patrick Muris, Frederick Kretchner, J. H. Martin, Abram Kilder, George W. Howard, John melvin, William F. Stowell, A. B. Rogers, and Lewis Lull.

On motion, the Board then adjourned.
