

WEBER WANTS NEW DAMEN AV. POLICE STATION

If Ald. Weber [45th] has his way the Damen av. police station at 3801 N. Damen av. will be torn down and a new station built at either Western and Montrose avs. or at Irving Park rd. and Western. The alderman's campaign against the 60 year old

station house is contingent upon voter approval of a 9 million dollar bond issue for new municipal buildings on June 3.

Weber said that the old building is in a residential area and the movement of police cars is a nuisance. Private cars belonging to policemen on duty also occupy much neighborhood parking space.
