

CHICAGO POLICE DEPARTMENT

**PAX 501**

JAMES B. CONLISK JR. SUPERINTENDENT

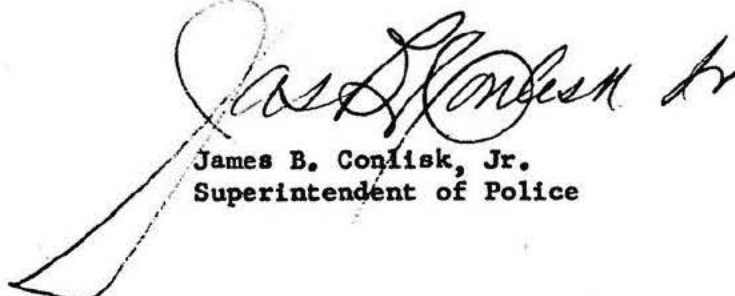

3 November 1972

There is wide-spread misinformation about the Police Department's preliminary budget request for 1973.

Several weeks ago when our preliminary budget was put together and submitted to the Director of the Mayor's Budgetary Division, I urged that every means be explored to reinstitute step and longevity increases in the 1973 budget.

I have every hope that this will be accomplished.
