

Traffic Safety Bulletin

We Serve and Protect

NOVEMBER 1987

LeRoy Martin, Superintendent of Police

NOT A BUDLIGHT, A SPOTLIGHT !

This accident happened while the officer was on routine patrol. The Department Vehicle was being driven at a slow rate of speed, it was daylight, and the weather was clear and dry. Out of nowhere, a pedestrian, being chased by friends, ran from between two parked cars and hit the left side of the Police Vehicle rolling onto the hood and hitting his head on the spotlight. Members are again reminded to always expect the un-expected and be aware that sometimes accidents are just waiting to happen.

BUCKLE UP

IT'S THE LAW
