# SEASON'S GREETINGS

In the 12 months that have passed since our last holiday greeting, we have written about many traffic related subjects. Some feel that we place too much importance on the use of seat belts and DUI enforcement. Perhaps this is true. We don't mean to be repetitive when discussing these issues, but, we do find that education and awareness in these areas have a direct affect on reducing traffic fatalities. So once again we urge all Department members and their families to drive carefully and "party responsibly" during this holiday season.
