

Traffic Safety Bulletin

We Serve and Protect

JUNE 1991

LeRoy Martin, Superintendent of Police

FOUL BALL

With the beginning of summer and the closing of the schools, Department members must be aware of the increased number of children playing outdoors.

Use caution when patrolling near parks, playgrounds and residential areas. Children chasing an errant ball, a pet, or each other may dart in front of your vehicle. We must all be aware that when driving, the possibility exists that we may have to take evasive action to avoid striking a child in the roadway. Scan the street and sidewalk in front of you, and always expect the unexpected. **DON'T FOUL OUT, DRIVE DEFENSIVELY!**

A GOOD BELT

FOR THE ROAD
